The surgeon had to be quieted frequently as he rose from his chair to protest that he is the victim of a conspiracy to defame his reputation.

"Why," he exclaimed, "I have made this city a capital of beauty. There is a gigantic conspiracy here. I court a trial on the hospital records and on the merits of the operation."

Meanwhile, his attorney, Benjamin H. Ehrlich, filed in the Circuit court the praecipe of a \$250,000 damage suit which names Dr. Henry J. Millstone, his wife, Mrs. Anna Millstone, and Archie Cohen, said to be a cousin of Mrs. Millstone, as defendants.

The Ira J. Mix Dairy company, South Park way and 30th street, was sold yesterday in the United States District court to the Bowman Dairy company for \$422,000. The sale does not include real estate. Bankruptcy proceedings were brought in the federal court two weeks ago against the Mix concern, one of the oldest milk distributors in the city. Federal Judge George A. Carpenter appointed Sam Howard receiver. Assets of the company were given as \$600,000 and liabilities at \$800,000. Stockholders and south side banks were reported to be the heaviest losers in the crash.

Taken in U. S. Dry Raid

Freeport, Ill., Feb. 2.—(P)—Thirty prohibition operatives tonight raided nine soft drink stores and restaurants and arrested 20 persons, all of whom will be charged with violation of prohibitary law. Among those taken in custody was Chief of Police George C. Donsted of Freeport, who was found in the Germania club, one of the establishments raided, according to a statement made tonight by Fred D. Silloway, chief prohibition investigator of Illinois, Wisconsin, and Iowa. Chief Donsted was questioned by the federal men and later released.

# GENERAL MOTORS makes an Important Announcement regarding the New OLDSMOBILE

When the new Oldsmobile Six was presented at the New York Automobile Show, there was created a new standard of excellence in a fine car of low price—

-for this bigger, finer and more beautiful car represents the greatest single step that Oldsmobile has ever taken in carrying out its "policy pledged to progress".

Setting new standards of beauty . . . creating new standards of performance . . . and offering a galaxy of features that eloquently attest its advanced engineering—this impressive car is the subject of animated discussion wherever it has been exhibited.

And, very naturally, this discussion is centered around Oldsmobile's ability to provide a car of such obvious excellence-at such low prices.

Why is it that Oldsmobile can build an automobile so outstanding in its field for size, distinction and comfort? Why is it that Oldsmobile is distinguished by coachworks o masterly in conception and execution?

Why is it that Oldsmobile's performance marks such a revolutionary advancement among automobiles of comparable cost?

These, in substance, are questions that have been asked over and over again by persons inspecting the new Oldsmobile. And the answer to every question is the same: Oldsmobile is a division of General Motors!

In designing the new Oldsmobile chassis, Oldsmobile engineers had the constant cooperation of the engineering staffs of every other General Motors division—and of the scientists in the General Motors Research Laboratories.

In proving its performance, stamina and economy, the General Motors Proving Ground was used consistently for more than two years—with a total of more than a million miles of testing!

In keeping with General Motors policy of progress, the new Oldsmobile Six has been developed with the thought in mind of giving the public the distinctive appearance, exceptional performance and high dollar value that provides a fine car at low price. The creation of the distinguished new bodies was a co-operative endeavor between Oldsmobile and the master designers of the Fisher Body Corporation.

And finally, in the actual production of the car, various other General Motors divisions were employed to produce such units as radiators, bearings, spark plugs, air cleaners, oil filters, speedometers, steering wheels, warning horns and starting, lighting and ignition equipment.

The constant availability of all these General Motors resources has given to Oldsmobile many vital manufacturing advantages—has made it possible for Oldsmobile to produce an automobile so outstanding in beauty, performance and quality that it sets an entirely new standard of value.

General Motors is proud of the new Oldsmobile - not only because it exemplifies the General Motors policy of progress—not only because it furnishes another example of the promptness with which General Motors passes engineering advancements on to the public...but because it marks a significant milestone in the development of "a car for every purse and purpose".

#### Fans Flock to City.

And perhaps it has a right to be excited. In the overnight entries 24 of the best horses ever put into training at a winter track were named to strive for the rich prize. Their presence makes it the most important race ever decided away from the big wheel which takes in New York, Illinois, Maryland and Kentucky. And the crowd here tonight is truly metropolitan and includes racegoers from the east, the west, the north and from all sections of the south.

If Mayor Thompson's big party wasn't here to see the horse race and talk flood relief, Justice F. would be the favorite anyway. ## Sure Way to Get Rid of Dandruff

never fails to remove dandruff completely and that is to dissolve it. Then you destroy it

To do this just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently

with the finger tips.

By morning most, if not all, of your dandruff will be gone, and two or three more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how

will be lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at

much dandruff you may have.

You will find, too, that all is all you will need. This simple any drug store and four ounces itching and digging of the scalp will stop instantly, and your hair to fail.

## **Executive Sales** Manager

This is a big job for a big man

A national organization of the highest order requires the services of a first class sales manager of the executive type to take charge of its finance department.

The man required must be thoroughly experienced in handling and instructing high class salesmen, and in directing the efforts of branch offices and also a large staff of field men working all over the country.

The position is desirable and permanent and the man chosen will, through our plan already worked out and proved, supervise and handle the campaign for the raising of a large sum of money each year.

In order that your application may receive due consideration please tell us all about yourself and give full details in your application as to present and past connections, age, references, salary required and state when services will be available.

All information will be held in strictest confidence.

Fifteen-Year 6% Sinking Fund Gold Debentures

To be dated as of February 1, 1928 To mature February 1, 1943 Interest payable February 1 and August 1. Redeemable as a whole or in part at any time or from time to time, prior to maturity, on not less than 30 days' notice, at 105% to and including February 1, 1933, with successive reductions in the redemption price of 1/2% during each twelve months' period thereafter to maturity, in each case with accrued interest to the date of redemption.

CAPITALIZATION

Mr. Frank E. Gannett, who will be President of the Company, summarises his letter of January 31, 1928, as follows: HISTORY AND MANAGEMENT: "The Hartford Times is one of the oldest newspapers in the United States and is the only evening daily newspaper published in the City of Hartford, Connecticut. It was established in 1817 and its records indicate that it has not had an unprofitable year since the Civil War. Under able and conservative management it has grown and prospered until its circulation, which is exceeded by but one daily newspaper in New England outside of Boston, now averages more than 60,000 copies a day. The growth in its volume of advertising has kept pace with the growth in its circulation, its advertising in 1927 having exceeded 15,000,000 lines. Its advertising volume now is greater than that reported by any other New England daily newspaper. The Hartford Times, Incorporated, (herein called the Company) has been

organized to acquire the net assets, business, circulation, etc., of its predecessor, The Burr Printing Company, which heretofore has owned and operated The Hartford Times. All of the common stock of the Company will be owned by Gannett Company, Inc., and The Hartford Times will become a member of the successful group of newspapers under the management of Mr. Frank E. Gannett.

EARNINGS: "For the three years ended December 31, 1927, the net earnings of the predecessor company, after deducting income on certain investments and funds which will not accrue to the Company and all charges except that part of the executives' compensation to be discontinued (resulting in an average net addition of \$39,332.63 per annum), and after depreciation but before income taxes, as certified to by Messrs. Price, Waterhouse & Co., have been as follows:

PURPOSE: The proceeds of this issue will be applied by the Government to the funding of the floating debt falling due this year, incurred by the Government under Laws 11266 and 11378

SINKING FUND: Beginning Angust 1, 1928, and semi-annually thereafter on February 1 and Angust 1 in each year, the Government covenants to pay to the Fiscal Agents as a Sinking Fund an amount equal to one-half of 1% of the maximum amount of these Bonds at any time theretofor issued plus an amount equal to accrued and unpaid interest on all Bonds previously acquired through the operation of the Sinking Fund. All Sinking Fund payments, are to be applied to the purchase of Bonds below par through tenders or if not so obtainable, to the redemption of such Bonds by lot at 100 and interest on the next succeeding interest payment date. Sinking Fund payments may be increased by the Executive Power if considered advisable. Sinking Fund payments may be increased by the Executive Power if considered advisable.

FINANCES: The national debt of Argentina as of June 3, 1927, at gold parities of exchange amounted to the equivalent of \$1,090,525,643 U. S. Gold, or about \$109 per capita. A substantial portion of this indebtedness was incurred for the acquisition of revenue producing properties and public works. According to the Government's census of 1914, the total value of Government owned property at that time amounted to \$1,125,000,000 including revenue producing properties valued at \$530,000,000. The national wealth, based on the figures of the serves congress was in capacity of \$14,500,000,000. the same census, was in excess of \$14,500,000,000.

A gold reserve equivalent to approximately \$465,000,000 U. S. is held against notes in circulation, representing a ratio of about 78%.

# Établissements Kuhlmann (Compagnie Nationale de Matières Colorantes et Manufactures de Produits Chimiques du Nord Réunies, Paria, France)

Capital Stock (250 francs par value a share)

The following information has been furnished by Donat Agache-Kuhlmann, Esq., Chairman of the Board of Etablissements Kuhlmann:

The business of Établissements Kuhlmann was founded over one hundred years ago at Lille, France, by Frédéric Kuhlmann. The company originally manufactured only sulphuric acid. Other types of business were developed steadily, however, and even before the war the company had acquired a wide experience in the manufacture of a large number of other chemical products. In recent years a vigorous policy of expansion has been followed, other companies have been acquired, new chemical products have been perfected and today the enterprise constitutes the largest chemical manufacturer in France. Etablissements Kuhlmann operates nineteen factories and fortythree warehouses located in France and Belgium. In addition, it has investments in a number of other chemical manufacturing companies. At the present time about 30% of the business consists of export sales. An agreement has been made recently between Etablissements Kuhlmann and the German Dye Trust (I. G. Farbenindustrie)

which is expected to result in savings to both groups in production and marketing costs. A wide variety of inorganic and organic chemical products are manufactured, the more important of which are synthetic nitrates and other artificial fertilizers, sulphuric and nitric acids, coal-tar dyes, and pharmaceutical and photographic supplies. Etablissements Kuhlmann, in cooperation with two other companies, organized in 1927 a company for the purpose of manufacturing artificial silk.

CAPITALIZATION Capitalization of Établissements Kuhlmann outstanding on December 31, 1927, but adjusted to give effect to the issuance of 200,000 additional shares of Capital Stock of 250 francs par value a share authorized by the stockholders at a meeting held January 26, 1928 and duly subscribed for, was as follows: Funded Debt:

Capital Stock: 920,000 shares, 250 francs par value.....Frs. 230,000,000 200,000 shares, 100 francs par value.....Frs. 20,000,000

Dividends on shares of capital stock of 250 francs par value were paid for the years 1923, 1924 and 1925 at the rate of 12% per annum. The rate for 1926 was 16%. Dividends for the year 1927 have not as yet been declared.

STOCK EXCHANGE QUOTATIONS

The shares of Capital Stock of 250 francs par value are listed on the Paris and Lille Stock Exchanges. Quotations on the Paris Stock Exchange indicate that during the last five years these shares never sold below 150% of par, and that the current quotation of about 398% of par represents approximately the highest quotation for such

Of the shares of this stock recently authorized, 100,000 shares have been offered for subcription to stock-holders and the offer underwritten. An additional 100,000 shares have been subscribed for in equal amounts by a French group, and by us. The shares subscribed for by us have been sold privately.

CHICAGO TRUST COMPANY, CHICAGO, TRUSTEE

Mr. G. Vincent Grace, President of the Corporation, has summarized his letter as follows:

BUSINESS: The Standard Public Service Corporation, a Delaware Corporation, through its operating subsidiaries, furnishes telephone service without competition to 63 towns and adjacent rural areas in Ohio, Illinois, Missouri, Oklahoma and Texas, serving a combined population of approximately 170,000. The oldest of the properties has been in continuous successful operation since 1901 and all have been actively operated for many years, hence the business of the Corporation is well organized and established. The system comprises 63 exchanges, operating over 17,000 stations or connections. Through direct or indirect interconnection with the Bell Telephone System, nation wide long distance service is available to all subscribers. In conjunction with the telephone business in Illinois, electric service is supplied to the town of

PROVISIONS: These notes will be, in the opinion of counsel, a direct obligation of the Corporation and will be issued under a Trust Indenture which will provide that while any of these notes are outstanding, neither the Corporation nor any subsidiary shall create or permit to be created any lien (except the lien of current taxes and special assessments) on any of its real estate or other fixed property, or on any property of any subsidiary, other than the lien of the Trust Indenture securing the First Lien Collateral Gold Bonds, unless a fund shall be created, sufficient to insure the payment and retirement of any

VALUATIONS: The operating properties, including working capital and going-concern values, have been recently appraised by Messrs. Ford, Bacon & Davis, New York, and Messrs. Hagenah & Erickson, Chicago, at an aggregate reproduction value of over \$2,780,000.00 and at a sound depreciated value in excess of \$2,350,000.00.

EARNINGS: The consolidated earnings of the operating companies, as reported by Messrs. Barrow, Wade & Guthrie, certified public accountants, for the twelve months ended November 20, 1927, after adjustment for non-recurring charges, etc. (based upon audits of the operating companies by themselves and Peat, Marwick, Mitchell & Company), are as follows: 

Net Earnings
Annual Bond Interest Requirements on the First Lien Collateral Trust 6% Gold Bonds

Earnings for Missouri, Ohlahoms and Texas properties as of September 30, 1927.

Net income, as shown above, was 4.5 times the annual interest requirements on these notes.

PURPOSE OF ISSUE: These notes, together with \$1,400,000 First Lien Collateral Trust 6% Gold Bonds of the Corporation, are being issued by the Corporation to acquire additional properties, for extensions and improvements, for additional working

MANAGEMENT: The operation of these properties is in the hands of capable and efficient public utility engineers who have been engaged in the operation of public utilities for years.

Books and accounts have been audited by Messrs. Barrow, Wade, Guthrie & Co., New York, and Peat, Marwick, Mitchell & Co., Chicago. Valuations subject to approval of counsel.

The report was made public today by a committee headed by Bishop Charles H. Brent of Buffalo.

Morris, from the London musichalls, would a generation ago have been called the music-halls: the variety-stage there, as here, has paid heavy toll to the movies, to the revues, and to the floor-shows of the night-places. Save for the big. comfortable, hand-some Colliseum, London doesn't possess a music-hall of the first class; and even in the Colliseum the bills have lost most of what was once a distinction.

REAL ESTATE LOANS SECOND MORTGAGE LOANS

Because the rates on second more sages have been so costly for site a long, long time, people can hard realize the extent to which the rate have been reduced.

When we started to make secon mortgage loans two years ago or rates were from 25 % 40 % low than the lowest quoted rate at that tipe, and we have made two reductions in the meantime. Second mortgage rates have been very materially reduced, as you will find if you call, write or phone.
